

# AIR N ARC™ 300

## Introducing the Lightest, Most Compact Welder | Generator | Air Compressor | Battery Booster ALL-IN-ONE Power System™ on the Market

The **Air N Arc™ 300** is designed to be compact to fit as a side-pack or can be mounted behind the cab. The totally self-contained unit delivers more efficient use of truck space and can be integrated with the chassis for maximum versatility. Its control panel can be remotely mounted for the ultimate in user convenience. Designed for maximum fuel efficiency, the AIR N ARC™ 300 includes auto throttle control, an EFI engine that improves fuel economy by up to 27%, and "Smart Start™" on certain models. The system offers the power you need for all your mobile workshop needs, such as: electrical with a TRUE 2 generator system for safe multi-function of electrical tools... air offers 40 cfm rotary screw compressor for air on-demand and extended unit life...welding provides the benefits of a high frequency welder with excellent weld characteristics...battery charge and boost offering 12V charge, 12V and 24V boost.

### SPECIFICATIONS

<b>Engine</b>	29 HP Kohler electronic fuel injected, air cooled
<b>Electric Start</b>	Yes
<b>Generator Wattage</b>	7,000 watts of pure sine power
<b>Welder Amperage</b>	300 amps 100% duty cycle DC/CC, CV
<b>Battery Charger</b>	300 amps 12V charge and 12V and 24V boost
<b>Control Panel</b>	Can be remotely mounted for operator convenience
<b>Max Pressure (psi)</b>	175
<b>CFM Rating</b>	40 cfm @175 psi
<b>Drive System</b>	Heavy duty belt drive system for anti-vibration and long service intervals
<b>Fuel Capacity (gal)</b>	12
<b>Warranty</b>	2 year
<b>Weight (lbs.)</b>	Less than 700
<b>Dimensions</b>	21W x 47L x 31H

Product improvement is a continuing goal. Design and specifications are subject to change without notice or obligations.

MADE IN THE USA

## SPECIAL FEATURES

- 40 cfm rotary screw compressor for air on demand and extended life of unit
- Small dimensions allow unit to fit as a side-pack or be mounted behind the cab
- EFI engine improves fuel economy by up to 27%
- TRUE 2 generator system for safe multi-function of welder and electric tools
- All the benefits of a high frequency welder offering excellent weld characteristics
- Totally self contained, but can be integrated with the chassis for maximum versatility
- Designed for fuel efficiency featuring: all auto throttle control, fuel injected engine, and "Smart Start™" on certain models
- One unit to start all your equipment with battery charge and boost capability offering: 12V charge, 12V and 24V boost
- Control panel can be remotely mounted for the ultimate in user convenience

## OPTIONS/ACCESSORIES

- Welding helmet with auto darkening lense
