

AIR N ARC® 300

The Lightest, Most Compact Rotary Screw ALL-IN-ONE Power System® on the Market

Providing 300 amps of welding power and 40 cfm of on-demand air, the **Air N Arc® 300** is compact enough to fit a truck's side-pack or be mounted behind the cab. The totally self-contained unit delivers more efficient use of truck space and can be integrated with the chassis for maximum versatility. Featuring the market's only remote panel for a diesel ALL-IN-ONE Power System®, it provides ultimate user convenience and safety. Designed for maximum fuel efficiency, the system offers the power you need for all your mobile workshop needs.

SPECIFICATIONS

| | | |
|----------------------------|---|-------------------------------------|
| Engine | Gas: 29 HP EFI Kohler, Air Cooled | Diesel: 25 HP Kubota, Liquid Cooled |
| Compressor Type | Rotary screw | |
| Generator Wattage | 7,000 continuous watts 120V/240V | |
| Welder Amperage | 300 amps high frequency CC/DC, CV/DC at 100% duty cycle | |
| Battery Charger | 300 amps 12V charge and 12V/24V boost | |
| Max Pressure (psi) | 175 | |
| CFM Rating | 40 cfm | |
| Drive System | Belt driven | |
| Fuel Capacity (gal) | 12 | |
| Weight (lbs.) | Gas: 700 | Diesel: 870 |
| Dimensions (in.) | Gas: 21W x 47L x 31H | Diesel: 21W x 47L x 33H |

SPECIAL FEATURES

- TRUE 2 generator system for safe multi-function of welder and electric tools
- All the benefits of a high frequency welder offering excellent weld characteristics
- CV MIG capability
- One unit to start all your equipment with battery charge and boost capability offering: 12V charge, 12V /24V boost
- 40 cfm rotary screw compressor for air on demand and extended life of unit
- Electric start
- Heavy duty belt drive system for anti-vibration and long service intervals
- Auto throttle control
- Reliable and easy starting engines
- Control panel can be remotely mounted for the ultimate in user convenience
- Totally self contained, but can be integrated with the chassis for maximum versatility
- Integrated lift hook and battery tray
- Designed for easy maintenance and fuel efficiency
- Small dimensions allow unit to fit on a side-pack or be mounted behind the cab
- Powder coated sheet metal
- Galvannealed steel

OPTIONS/ACCESSORIES

- Welding cables - 25', 50'
- Welding helmet with auto darkening lens
- Battery booster cables
- Cable extension segment
- Fuel pump
- Fuel tank – slimline 11 gal
- Remote air tank – 30 gal
- Remote condensation drain
- Cold weather kits
- Maintenance kits
- Welding rods
- Dry cell battery
- Vanguard oil 1 gal/5 gal
- Maintenance compressor engine

Product improvement is a continuing goal. Design and specifications are subject to change without notice or obligations.
